

The Advisors' Inner Circle Fund

Haverford Quality Growth Stock Fund

Annual Report

OCTOBER 31, 2020

HVERFORD

QUALITY INVESTING

Beginning on March 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically by contacting your financial intermediary.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can follow the instructions included with this disclosure, if applicable, or you can contact your financial intermediary to inform it that you wish to continue receiving paper copies of your shareholder reports. If you invest directly with the Fund, you can inform the Fund that you wish to continue receiving paper copies of your shareholder reports by calling 1-866-301-7212. Your election to receive reports in paper will apply to all funds held with your financial intermediary if you invest through a financial intermediary.

The Fund files its complete schedule of investments with the Securities and Exchange Commission ("SEC") for the first and third quarters of each fiscal year as an exhibit to its report on Form N-PORT (Form N-Q for filings prior to March 31, 2020). The Fund's Form N-Q and N-PORT are available on the SEC's website at <http://www.sec.gov>, and may be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities, as well as information relating to how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30, is available (i) without charge, upon request, by calling 1-866-301-7212; and (ii) on the SEC's website at <http://www.sec.gov>.

Dear Fellow Shareholders,

We are pleased to provide you with the Annual Report for the Haverford Quality Growth Stock Fund (the “Fund”) for the year ended October 31, 2020. The Report contains information on the holdings of the Fund, along with Financial Highlights and Statement of Operations. During the year ended October 31, 2020, the fund returned 5.04% while the S&P 500 Index increased 9.71%. The Fund’s relative performance to the S&P 500 Index was driven by a combination of stock selection and sector allocation. On the positive side, with respect to sector allocation, the Fund’s underweighting in the Energy, Real Estate and Utilities sectors helped relative performance. All other sector allocations were neutral to relative performance. The biggest detractor to relative performance came from stock selection. Large declines were posted by Raytheon Technologies (36%), JP Morgan (21%), CVS Healthcare (15%), DuPont (14%) and TJX Companies (12%). These companies were impacted by the pandemic caused recession. Their intermediate to long term outlooks remain strong; as a result, the Fund continues to own them. On the positive side, the leading performing stocks were Apple up 75%, Lowes up 42%, Microsoft up 41%, and Dollar General, Blackrock, and Air Products gained 30%.

What a fiscal year it has been! January saw the signing of a phase one trade deal with China. This led to expectations that the US economy would get a lift from more certainty around trade. Instead the US and global economy got blindsided by the COVID-19 pandemic. The S&P 500 recorded its quickest bear market – a 35% decline in 4 ½ weeks – in anticipation of what would be the largest quarterly contraction of GDP (down 35% on an annualized basis for the second quarter) in the country’s history.

Remarkably, from the March 23rd lows, the S&P 500 rose 48% as of the Fund’s fiscal year end. By the end of August, the S&P 500 surpassed its high-water mark from February before making all-time highs in early September. We went from the quickest bear market to the fastest bull market recovery in a mere six months!

The new bull market climbed the wall of worry with a major assist from a record amount of both monetary and fiscal stimulus. Additional fiscal stimulus is most likely coming; it is just a question of when and how much. The Fed’s policy of near zero interest rates through at least 2023 should provide a tailwind for higher stock prices. The foundational risk in the wall of worry is the pandemic and what it has done and may continue to do to the global economy. While activity has bounced back and U.S. retail spending approaches pre-pandemic levels, the economy is hamstrung while schools remain hybrid and social distancing is in force. Until a vaccine is widely available, we believe our economy is dominated by big box

retailers, takeout, work-from home solutions, and anything virtual. The vaccine-economy would likely include travel businesses, banks, much of the service economy, and most of main street America.

The dichotomy of economic outcomes is evident in the market's bifurcated performance. Energy, finance, and real estate lagged most notably from the start of the pandemic. Technology and select consumer stocks enjoyed strong tailwinds. The new bull market has been almost entirely attributable to COVID-economy stocks. Prevailing wisdom believes a vaccine will be approved by late 2020/early 2021, but widespread distribution won't occur until mid-2021. We believe the Fund is well positioned for this scenario.

Sincerely,

Henry B. Smith
Head of Investment Strategy
Haverford Financial Services, Inc.

The performance data quoted represents past performance and does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares when redeemed may be worth more or less than their original cost and current performance may be lower or higher than the performance quoted. For performance data current to the most recent month end, please call 1-866-301-7212 or visit our website at www.haverfordfunds.com.

Holdings subject to change. Current and future holdings subject to risk.

Definition of Comparative Index

The S&P 500 Index consists of 500 stocks chosen for market size, liquidity, and industry group representation. It is a market-value weighted index (stock price times the number of shares outstanding), with each stock's weight in the index proportionate to its market value.

The Index is unmanaged and does not include the effect of fees. One cannot invest directly in an index.

Comparison of Change in the Value of a \$10,000 investment in the Haverford Quality Growth Stock Fund versus the S&P 500 Index.

AVERAGE ANNUAL TOTAL RETURN FOR THE PERIODS ENDED OCTOBER 31, 2020 ⁽¹⁾					
One Year Return	3 Year Return	5 Year Return	10 Year Return	Inception to Date	
Haverford Quality Growth Stock Fund*	5.04%	8.49%	8.94%	9.98%	6.27%
S&P 500 Index ⁽²⁾	9.71%	10.42%	11.71%	13.01%	8.87%

Periods ended on October 31st

* The Haverford Quality Growth Stock Fund commenced operations on June 30, 2004.

(1) The performance data quoted herein represents past performance and the return and value of an investment in the Fund will fluctuate so that, when redeemed, may be worth less than its original cost. Past performance is no guarantee of future performance and should not be considered as a representation of the future results of the Fund. If the Adviser had not limited certain expenses, the Fund's total return would have been lower. The Fund's performance assumes the reinvestment of all dividends and all capital gains. Returns shown do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. Index returns assume reinvestment of dividends and, unlike a fund's returns, do not reflect any fees or expenses. If such fees and expenses were included in the index returns, the performance would have been lower. Please note that one cannot invest directly in an unmanaged index.

(2) See definition of the comparative index on page 2.

NOTES TO FINANCIAL STATEMENTS**1. Organization:**

The Advisors' Inner Circle Fund (the "Trust") is organized as a Massachusetts business trust under an Amended and Restated Agreement and Declaration of Trust dated February 18, 1997. The Trust is registered under the Investment Company Act of 1940, as amended, as an open-end management investment company with 43 funds. The financial statements herein are those of the Haverford Quality Growth Stock Fund, a diversified fund (the "Fund"). The investment objective of the Fund is long-term growth of capital. The Fund invests primarily (at least 80% of its net assets) in equity securities. The Fund focuses on U.S. listed common stocks with large market capitalizations that Haverford Financial Services, Inc. (the "Adviser") believes are the quality companies with stock that offer the potential for future price appreciation. The financial statements of the remaining funds of the Trust are presented separately. The assets of each fund are segregated, and a shareholder's interest is limited to the fund in which shares are held.

2. Significant Accounting Policies:

The following are significant accounting policies, which are consistently followed in the preparation of the financial statements of the Fund. The Fund is an investment company that applies the accounting and reporting guidance issued in Topic 946 by the U.S. Financial Accounting Standards Board ("FASB").

Use of Estimates — The preparation of financial statements, in conformity with U.S. generally accepted accounting principles ("U.S. GAAP"), requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates and such differences could be material.

Security Valuation — Securities listed on a securities exchange, market or automated quotation system for which quotations are readily available (except for securities traded on NASDAQ), including securities traded over the counter, are valued at the last quoted sale price on an exchange or market (foreign or domestic) on which they are traded on the valuation date (or approximately 4:00 pm ET if a security's primary exchange is normally open at that time), or, if there is no such reported sale, at the most recent quoted bid price. For

securities traded on NASDAQ, the NASDAQ Official Closing Price will be used.

All investment companies held in the Fund's portfolio are valued at the published net asset value.

Securities for which market prices are not "readily available" are valued in accordance with fair value procedures established by the Fund's Board of Trustees (the "Board"). The Fund's fair value procedures are implemented through a fair value pricing committee (the "Committee") designated by the Board. Some of the more common reasons that may necessitate that a security be valued using fair value procedures include: the security's trading has been halted or suspended; the security has been de-listed from a national exchange; the security's primary trading market is temporarily closed at a time when under normal conditions it would be open; the security has not been traded for an extended period of time; the security's primary pricing source is not able or willing to provide a price; or trading of the security is subject to local government imposed restrictions. When a security is valued in accordance with the fair value procedures, the Committee will determine the value after taking into consideration relevant information reasonably available to the Committee. As of October 31, 2020, there were no securities valued in accordance with the fair value procedures.

In accordance with the authoritative guidance on fair value measurements and disclosure under U.S. GAAP, the Fund discloses fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 — Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that the Fund has the ability to access at the measurement date;
- Level 2 — Other significant observable inputs (includes quoted prices for similar securities, interest rates, prepayment speeds, credit risk, referenced indices, quoted prices in inactive markets, adjusted quoted prices in inactive markets, etc.); and

-
- Level 3 — Prices, inputs or exotic modeling techniques which are both significant to the fair value measurement and unobservable (supported by little or no market activity).

Investments are classified within the level of the lowest significant input considered in determining fair value. Investments classified within Level 3 whose fair value measurement considers several inputs may include Level 1 or Level 2 inputs as components of the overall fair value measurement.

For the year ended October 31, 2020, there have been no significant changes to the Fund's fair value methodologies.

Federal Income Taxes — It is the Fund's intention to continue to qualify as a regulated investment company for Federal income tax purposes by complying with the appropriate provisions of Subchapter M of the Internal Revenue Code of 1986, as amended, and to distribute substantially all of its income to its shareholders. Accordingly, no provision for Federal income taxes has been made in the financial statements.

The Fund evaluates tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether it is "more-likely-than-not" (i.e., greater than 50-percent) that each tax position will be sustained upon examination by a taxing authority based on the technical merits of the position. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. The Fund did not record any tax provision in the current period. However, management's conclusions regarding tax positions taken may be subject to review and adjustment at a later date based on factors including, but not limited to, examination by tax authorities (i.e., the last 3 open tax year ends, as applicable), on-going analysis of and changes to tax laws, regulations and interpretations thereof.

As of and during the year ended October 31, 2020, the Fund did not have a liability for any unrecognized tax benefits. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations. During the year ended October 31, 2020, the Fund did not incur any interest or penalties.

Security Transactions and Investment Income — Security transactions are accounted for on trade date for financial reporting purposes. Costs used in determining realized gains and losses on the sale of investment securities are based on the specific identification method. Dividend income is recorded on the ex-dividend date.

Expenses — Expenses that are directly related to the Fund are charged to the Fund. Other operating expenses of the Trust are prorated to the Fund based on the number of funds and/or relative net assets.

Dividends and Distributions to Shareholders — The Fund will distribute substantially all of its net investment income, if any, quarterly. Any net realized capital gains will be distributed at least annually. All distributions are recorded on ex-dividend date.

3. Transactions with Affiliates:

Certain officers of the Trust are also employees of SEI Investments Global Funds Services (the “Administrator”), a wholly owned subsidiary of SEI Investments Company, and/or SEI Investments Distribution Co. (the “Distributor”). Such officers are paid no fees by the Trust, other than the Chief Compliance Officer (“CCO”) as described below, for serving as officers of the Trust.

A portion of the services provided by the CCO and his staff, who are employees of the Administrator, are paid for by the Trust as incurred. The services include regulatory oversight of the Trust’s advisors and service providers as required by SEC regulations. The CCO’s services have been approved by and are reviewed by the Board.

4. Administration, Distribution, Transfer Agent and Custodian Agreements:

The Fund and the Administrator are parties to an Administration Agreement, under which the Administrator provides administrative services to the Fund. For these services, the Administrator is paid an asset based fee, subject to certain minimums, which will vary depending on the number of share classes and the average daily net assets of the Fund. For the year ended October 31, 2020, the Fund paid \$272,443 for these services.

The Trust and the Distributor are parties to a Distribution Agreement. The Distributor receives no fees under the Agreement.

DST Systems, Inc. serves as the transfer agent and dividend disbursing agent for the Fund under a transfer agency agreement with the Trust. During the year ended October 31, 2020, the Fund earned cash management credits of \$942, which were used to offset transfer agent expenses. This amount is labeled “Fees Paid Indirectly” on the Statement of Operations.

U.S. Bank, N.A. acts as custodian (the “Custodian”) for the Fund. The Custodian plays no role in determining the investment policies of the Fund or which securities are to be purchased or sold by the Fund.

5. Investment Advisory Agreement:

Under the terms of an investment advisory agreement, the Adviser provides investment advisory services to the Fund at a fee calculated at an annual rate of 0.60% of the Fund’s average daily net assets. The Adviser has contractually agreed to waive all or a portion of its fees and to reimburse expenses in order to limit operating expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses, and extraordinary expenses (collectively “excluded expenses”)) for the Fund from exceeding 1.00% of the Fund’s average daily net assets until February 28, 2021. Refer to waiver of investment advisory fees on the Statement of Operations for fees waived for the year ended October 31, 2020. In addition, if at any point it becomes unnecessary for the Adviser to reduce fees or make expense reimbursements, the Board may permit the Adviser to retain the difference between total annual operating expenses (not including excluded expenses) and 1.00% to recapture all or a portion of its prior reductions or reimbursements made during the preceding three-year period. At October 31, 2020, there were no previously waived and reimbursed fees subject to recapture.

6. Investment Transactions:

For the year ended October 31, 2020, the Fund made purchases of \$34,045,647 and sales of \$32,078,969 of investment securities other than long-term U.S. Government and short-term securities. There were no purchases or sales of long-term U.S. Government securities.

7. Federal Tax Information:

The amount and character of income and capital gain distributions to be paid, if any, are determined in accordance with Federal income tax regulations, which may differ from U.S. generally accepted accounting principles. As a result, net investment income (loss) and net realized gain (loss) on investment transactions for a reporting period may differ significantly from distributions during such period. These book/tax differences may be temporary or permanent. The permanent difference in current year is primarily consist of distribution reclassification. There is no permanent difference in current year that would require a charge or credit to distributable earnings or paid in capital accounts.

The tax character of dividends and distributions declared during the last two fiscal years ended October 31, were as follows:

	<u>Ordinary Income</u>	<u>Long-Term Capital Gain</u>	<u>Total</u>
2020	\$ 2,327,507	\$ 720,209	\$ 3,047,716
2019	2,660,695	8,415,030	11,075,725

As of October 31, 2020, the components of distributable earnings on a tax basis were as follows:

Undistributed Ordinary Income	\$ 209,014
Capital Loss Carryforwards	(518,237)
Unrealized Appreciation	104,963,585
Other Temporary Differences	(7)
Total Distributable Earnings	<u>\$104,654,355</u>

Capital loss carryforward rules allow for RICs to carry forward capital losses indefinitely and to retain the character of capital loss carryforwards as short-term or long-term. The Fund has \$518,237 of long-term capital loss carryforwards remaining as of October 31, 2020.

The Federal tax cost and aggregate gross unrealized appreciation and depreciation on investments held by the Fund at October 31, 2020, were as follows:

<u>Federal Tax Cost</u>	<u>Aggregate Gross Unrealized Appreciation</u>	<u>Aggregate Gross Unrealized Depreciation</u>	<u>Net Unrealized Appreciation</u>
\$130,279,338	\$106,365,457	\$(1,401,872)	\$104,963,585

8. Concentration of Risks:

Since it purchases equity securities, the Fund is subject to the risk that stock prices will fall over short or extended periods of time. Historically, the equity markets have moved in cycles, and the value of the Fund's equity securities may fluctuate drastically from day to day. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of securities issued by such companies may suffer a decline in response. These factors contribute to price volatility, which is the principal risk of investing in the Fund.

Although the Fund is diversified, its investment strategy often results in a relatively focused portfolio of stocks of companies that it believes hold the most growth

potential. As a result, poor performance or adverse economic events affecting one or more of these companies could have a greater impact on the Fund than it would on another mutual fund with a broader range of investments.

The Fund is subject to market risk in which the market value of an investment may move up and down, sometimes rapidly and unpredictably. Markets for securities in which the Fund invests may decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments that may cause broad changes in market value, public perceptions concerning these developments, and adverse investor sentiment or publicity. Similarly, the impact of any epidemic, pandemic or natural disaster, or widespread fear that such events may occur, could negatively affect the global economy, as well as the economies of individual countries, the financial performance of individual companies and sectors, and the markets in general in significant and unforeseen ways. Any such impact could adversely affect the prices and liquidity of the securities and other instruments in which the Fund invests, which in turn could negatively impact the Fund's performance and cause losses on your investment in the Fund.

The Fund is also subject to the risk that large-cap growth stocks may underperform other equity market segments or the equity market as a whole.

9. Other:

At October 31, 2020, 90% of total shares outstanding were held by two shareholders. These shareholders were comprised of omnibus accounts that were held on behalf of multiple underlying shareholders.

In the normal course of business, the Fund enters into contracts that provide general indemnifications. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund and, therefore, cannot be estimated; however, based on experience, the risk of loss from such claims is considered remote.

10. New Accounting Pronouncement:

In August 2018, the FASB issued Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820). The new guidance includes additions, removals and modifications to disclosures requirements for fair value measurements. For public entities, the amendments are effective for financial statements issued for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. The Funds early adopted this guidance as of November 1, 2019. The adoption of this guidance did not have a material impact on the financial statements.

11. Subsequent Events:

The Fund has evaluated the need for additional disclosures and/or adjustments resulting from subsequent events through the date the financial statements were issued. Based on this evaluation, no additional disclosures or adjustments were required to the financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Trustees of The Advisors' Inner Circle Fund and Shareholders of
Haverford Quality Growth Stock Fund

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of Haverford Quality Growth Stock Fund (the "Fund") (one of the series constituting The Advisors' Inner Circle Fund (the "Trust")), including the schedule of investments, as of October 31, 2020, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund (one of the series constituting The Advisors' Inner Circle Fund) at October 31, 2020, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and its financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Trust in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Trust is not required to have, nor were we engaged to perform, an audit of the Trust's internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of October 31, 2020, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Ernst + Young LLP

We have served as the auditor of one or more Haverford Financial Services, Inc. investment companies since 2005.

Philadelphia, Pennsylvania

DISCLOSURE OF FUND EXPENSES*(Unaudited)*

All mutual funds have operating expenses. As a shareholder of a mutual fund, your investment is affected by these ongoing costs, which include (among others) costs for portfolio management, administrative services, and shareholder reports like this one. It is important for you to understand the impact of these costs on your investment returns.

Operating expenses such as these are deducted from a mutual fund's gross income and directly reduce its investment return. These expenses are expressed as a percentage of a mutual fund's average net assets; this percentage is known as a mutual fund's expense ratio.

The following examples use the expense ratio and are intended to help you understand the ongoing costs (in dollars) of investing in your Fund and to compare these costs with those of other mutual funds. The examples are based on an investment of \$1,000 made at the beginning of the period shown and held for the entire period (May 1, 2020 to October 31, 2020).

The table on the next page illustrates your Fund's costs in two ways:

- **Actual Fund Return.** This section helps you to estimate the actual expenses after fee waivers that your Fund incurred over the six month period. The "Expenses Paid During Period" column shows the actual dollar expense cost incurred by a \$1,000 investment in the Fund, and the "Ending Account Value" number is derived from deducting that expense cost from the Fund's gross investment return.

You can use this information, together with the actual amount you invested in the Fund, to estimate the expenses you paid over that six month period. Simply divide your ending starting account value by \$1,000 to arrive at a ratio (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply that ratio by the number shown for your Fund under "Expenses Paid During Period."

- **Hypothetical 5% Return.** This section helps you compare your Fund's costs with those of other mutual funds. It assumes that the Fund had an annual 5% return before expenses during the period, but that the expense ratio (Column 3) for the period is unchanged. This example is useful in making comparisons because the Securities and Exchange Commission requires all mutual funds to make this 5% calculation. You can assess your Fund's comparative cost by comparing the hypothetical result for your Fund in the "Expenses Paid During Period" column with those that appear in the same charts in the shareholder reports for other mutual funds.

NOTE: Because the hypothetical return is set at 5% for comparison purposes — NOT your Fund's actual return — the account values shown may not apply to your specific investment.

DISCLOSURE OF FUND EXPENSES*(Unaudited)*

	Beginning Account Value 05/01/20	Ending Account Value 10/31/20	Annualized Expense Ratios	Expenses Paid During Period*
Actual Fund Return	\$1,000.00	\$1,102.00	0.81%	\$4.28
Hypothetical 5% Return	1,000.00	1,021.06	0.81	4.12

* Expenses are equal to the Fund's annualized expense ratio multiplied by the average account value over the period, multiplied by 184/366 (to reflect the one-half year period).

REVIEW OF LIQUIDITY RISK MANAGEMENT PROGRAM *(Unaudited)*

Pursuant to Rule 22e-4 under the 1940 Act, the Fund's investment adviser has adopted, and the Board has approved, a liquidity risk management program (the "Program") to govern the Fund's approach to managing liquidity risk. The Program is overseen by the Fund's Liquidity Risk Management Program Administrator (the "Program Administrator"), and the Program's principal objectives include assessing, managing and periodically reviewing the Fund's liquidity risk, based on factors specific to the circumstances of the Fund.

At a meeting of the Board held on May 19, 2020, the Trustees received a report from the Program Administrator addressing the operations of the Program and assessing its adequacy and effectiveness of implementation. The Board acknowledged that (i) the report covered the period from June 1, 2019 through December 31, 2019 and thus did not cover the recent period of market volatility, and (ii) the Board held a call with the Trust's officers on March 25, 2020 where the officers discussed the operations and effectiveness of the Program during the then-current market volatility. The Board requested that the Program Administrator provide an update of the operation of the Program during the then-current market volatility at its next meeting. The Program Administrator's report noted that the Program Administrator had determined that the Program is reasonably designed to assess and manage the Fund's liquidity risk and has operated adequately and effectively to manage the Fund's liquidity risk since the Program was implemented on June 1, 2019. The Program Administrator's report noted that during the period covered by the report, there were no liquidity events that impacted the Fund or its ability to timely meet redemptions without dilution to existing shareholders. The Program Administrator's report further noted that no material changes have been made to the Program since its implementation.

There can be no assurance that the Program will achieve its objectives in the future. Please refer to the prospectus for more information regarding the Fund's exposure to liquidity risk and other principal risks to which an investment in the Fund may be subject.

BOARD CONSIDERATIONS IN RE-APPROVING THE ADVISORY AGREEMENT(Unaudited)

Pursuant to Section 15 of the Investment Company Act of 1940 (the "1940 Act"), the Fund's advisory agreement (the "Agreement") must be renewed at least annually after its initial two-year term: (i) by the vote of the Board of Trustees (the "Board" or the "Trustees") of The Advisors' Inner Circle Fund (the "Trust") or by a vote of a majority of the shareholders of the Fund; and (ii) by the vote of a majority of the Trustees who are not parties to the Agreement or "interested persons" of any party thereto, as defined in the 1940 Act (the "Independent Trustees"), cast in person at a meeting called for the purpose of voting on such renewal.

A Board meeting was held on May 20, 2020 via videoconference to decide whether to renew the Agreement for an additional one-year term (the "May Meeting"). The May Meeting was held via videoconference in reliance on relief provided in orders issued by the Securities and Exchange Commission on March 13, 2020 and March 25, 2020 from 1940 Act sections and rules requiring that certain votes of a company's board of trustees be cast in person due to circumstances related to the current or potential effects of the COVID-19 pandemic. In preparation for the May Meeting, the Trustees requested that the Adviser furnish information necessary to evaluate the terms of the Agreement. Prior to the May Meeting, the Independent Trustees of the Fund met to review and discuss the information provided and submitted a request for additional information to the Adviser, and information was provided in response to this request. The Trustees used this information, as well as other information that the Adviser and other service providers of the Fund presented or submitted to the Board at the May Meeting and other meetings held during the prior year, to help them decide whether to renew the Agreement for an additional year.

Specifically, the Board requested and received written materials from the Adviser and other service providers of the Fund regarding: (i) the nature, extent and quality of the Adviser's services; (ii) the Adviser's investment management personnel; (iii) the Adviser's operations and financial condition; (iv) the Adviser's brokerage practices (including any soft dollar arrangements) and investment strategies; (v) the Fund's advisory fee paid to the Adviser and overall fees and operating expenses compared with a peer group of mutual funds; (vi) the level of the Adviser's profitability from its relationship with the Fund, including both direct and indirect benefits accruing to the Adviser and its affiliates; (vii) the Adviser's potential economies of scale; (viii) the Adviser's compliance program, including a description of material compliance matters and material compliance violations; (ix) the Adviser's policies on and compliance procedures for personal securities

transactions; and (x) the Fund's performance compared with a peer group of mutual funds and the Fund's benchmark index.

Representatives from the Adviser, along with other Fund service providers, presented additional information and participated in question and answer sessions at the May Meeting to help the Trustees evaluate the Adviser's services, fee and other aspects of the Agreement. The Independent Trustees received advice from independent counsel and met in executive sessions outside the presence of Fund management and the Adviser.

At the May Meeting, the Trustees, including all of the Independent Trustees, based on their evaluation of the information provided by the Adviser and other service providers of the Fund, renewed the Agreement. In considering the renewal of the Agreement, the Board considered various factors that they determined were relevant, including: (i) the nature, extent and quality of the services provided by the Adviser; (ii) the investment performance of the Fund and the Adviser; (iii) the costs of the services provided and profits realized by the Adviser from its relationship with the Fund, including both direct and indirect benefits accruing to the Adviser and its affiliates; (iv) the extent to which economies of scale are being realized by the Adviser; and (v) whether fee levels reflect such economies of scale for the benefit of Fund investors, as discussed in further detail below.

Nature, Extent and Quality of Services Provided by the Adviser

In considering the nature, extent and quality of the services provided by the Adviser, the Board reviewed the portfolio management services provided by the Adviser to the Fund, including the quality and continuity of the Adviser's portfolio management personnel, the resources of the Adviser, and the Adviser's compliance history and compliance program. The Trustees reviewed the terms of the Agreement. The Trustees also reviewed the Adviser's investment and risk management approaches for the Fund. The most recent investment adviser registration form ("Form ADV") for the Adviser was available to the Board, as was the response of the Adviser to a detailed series of questions which included, among other things, information about the investment advisory services provided by the Adviser to the Fund.

The Trustees also considered other services provided to the Fund by the Adviser such as selecting broker-dealers for executing portfolio transactions, monitoring adherence to the Fund's investment restrictions, and monitoring compliance with various Fund policies and procedures and with applicable securities laws and regulations. Based on the factors above, as well as those discussed below, the Board concluded, within the context of its full deliberations, that the nature, extent

and quality of the services provided to the Fund by the Adviser were sufficient to support renewal of the Agreement.

Investment Performance of the Fund and the Adviser

The Board was provided with regular reports regarding the Fund's performance over various time periods. The Trustees also reviewed reports prepared by the Fund's administrator comparing the Fund's performance to its benchmark index and a peer group of mutual funds as classified by Lipper, an independent provider of investment company data, over various periods of time. Representatives from the Adviser provided information regarding and led discussions of factors impacting the performance of the Fund, outlining current market conditions and explaining their expectations and strategies for the future. The Trustees determined that the Fund's performance was satisfactory, or, where the Fund's performance was materially below its benchmark and/or peer group, the Trustees were satisfied by the reasons for the underperformance and/or the steps taken by the Adviser in an effort to improve the performance of the Fund. Based on this information, the Board concluded, within the context of its full deliberations, that the investment results that the Adviser had been able to achieve for the Fund were sufficient to support renewal of the Agreement.

Costs of Advisory Services, Profitability and Economies of Scale

In considering the advisory fee payable by the Fund to the Adviser, the Trustees reviewed, among other things, a report of the advisory fee paid to the Adviser. The Trustees also reviewed reports prepared by the Fund's administrator comparing the Fund's net and gross expense ratios and advisory fee to those paid by a peer group of mutual funds as classified by Lipper. The Trustees reviewed the management fees charged by the Adviser to other clients with comparable mandates. The Trustees considered any differences in management fees and took into account the respective demands, resources and complexity associated with the Fund and other client accounts as well as the extensive regulatory, compliance and tax regimes to which the Fund is subject. The Board concluded, within the context of its full deliberations, that the advisory fee was reasonable in light of the nature and quality of the services rendered by the Adviser.

The Trustees reviewed the costs of services provided by and the profits realized by the Adviser from its relationship with the Fund, including both direct benefits and indirect benefits, such as research and brokerage services received under soft dollar arrangements, accruing to the Adviser and its affiliates. The Trustees considered how the Adviser's profitability was affected by factors such as its organizational structure and method for allocating expenses. The Trustees concluded that the

profit margins of the Adviser with respect to the management of the Fund were not unreasonable. The Board also considered the Adviser's commitment to managing the Fund and its willingness to continue its expense limitation and fee waiver arrangement with the Fund.

The Trustees considered the Adviser's views relating to economies of scale in connection with the Fund as Fund assets grow and the extent to which the benefits of any such economies of scale are shared with the Fund and Fund shareholders. The Board considered the existence of any economies of scale and whether those were passed along to the Fund's shareholders through a graduated advisory fee schedule or other means, including fee waivers. The Trustees recognized that economies of scale are difficult to identify and quantify and are rarely identifiable on a fund-by-fund basis. Based on this evaluation, the Board concluded that the advisory fee was reasonable in light of the information that was provided to the Trustees by the Adviser with respect to economies of scale.

Renewal of the Agreement

Based on the Board's deliberations and its evaluation of the information described above and other factors and information it believed relevant in the exercise of its reasonable business judgment, the Board, including all of the Independent Trustees, with the assistance of Fund counsel and Independent Trustees' counsel, unanimously concluded that the terms of the Agreement, including the fees payable thereunder, were fair and reasonable and agreed to renew the Agreement for another year. In its deliberations, the Board did not identify any absence of information as material to its decision, or any particular factor (or conclusion with respect thereto) or single piece of information that was all-important, controlling or determinative of its decision, but considered all of the factors together, and each Trustee may have attributed different weights to the various factors (and conclusions with respect thereto) and information.

NOTICE TO SHAREHOLDERS (Unaudited)

For shareholders that do not have an October 31, 2020 tax year end, this notice is for informational purposes only. For shareholders with an October 31, 2020 tax year end, please consult your tax advisor as to the pertinence of this notice. For the fiscal year ended October 31, 2020, the Fund is designating the following items with regard to distributions paid during the year.

Ordinary Income Distribution	Long-Term Capital Gain Distributions	Total Distributions	Qualifying for Corporate Dividends Received Deduction ⁽¹⁾	Qualifying Dividend Income ⁽²⁾	U.S. Government Interest ⁽³⁾	Interest Related Dividends ⁽⁴⁾	Short-term Capital Gain Dividends ⁽⁵⁾	Qualifying Business Income ⁽⁶⁾
76.37%	23.63%	100.00%	100.00%	100.00%	0.00%	0.00%	0.00%	0.00%

- (1) *Qualifying dividends represent dividends which qualify for the corporate dividends received deduction and is reflected as a percentage of ordinary Income distributions (the total of short-term capital gain and net investment income distributions).*
- (2) *The percentage in this column represents the amount of "Qualifying Dividend Income" as created by the Jobs and Growth Tax Relief Reconciliation Act of 2003 and is reflected as a percentage of ordinary income distributions (the total of short-term capital gain and net investment income distributions). It is the intention of each of the aforementioned funds to designate the maximum amount permitted by law.*
- (3) *"U.S. Government Interest" represents the amount of interest that was derived from direct U.S. Government obligations and distributed during the fiscal year. This amount is reflected as a percentage of ordinary income. Generally, interest from direct U.S. Government obligations is exempt from state income tax. However, for shareholders who are residents of California, Connecticut and New York, the statutory threshold requirements were not satisfied to permit exemption of these amounts from state income.*
- (4) *The percentage in this column represents the amount of "Interest Related Dividends" and is reflected as a percentage of ordinary income distribution. Interest related dividends are exempt from U.S. withholding tax when paid to foreign investors.*
- (5) *The percentage of this column represents the amount of "Short-Term Capital Gain Dividends" and is reflected as a percentage of short-term capital gain distribution that is exempt from U.S. withholding tax when paid to foreign investors.*
- (6) *The percentage of this column represents the amount of ordinary dividend income that qualifies for 20% Business Income Deduction.*

The information reported herein may differ from the information and distributions taxable to the shareholder for the calendar year ending December 31, 2020. Complete information will be computed and reported with your 2020 Form 1099-DIV.
